Oath/Declaration

The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following: the oath/declaration does not point out the correct statement of errors due to the claims being the original claims within the patent application which do not have any errors.

Claim Rejections - 35 USC § 251

In accordance with 35 U.S.C. 251, the error upon which a reissue is based must be one which causes the patent to be "deemed wholly or partly inoperative or invalid, by reason of defective specification or drawing, or by reason of the patentee claiming more or less than he had a right to claim in the patent." Thus, an error under 35 U.S.C. 251 has not been presented where the correction to the patent is one of spelling, or grammar, or a typographical, editorial or clerical error which does not cause the patent to be deemed wholly or partly inoperative or invalid for the reasons specified in 35 U.S.C. 251. These corrections to a patent do not provide a basis for reissue (although these corrections may also be included in a

reissue application, where a 35 U.S.C. 251 error is already Present. This amendment presenting only the claims in the original patent has removed all errors to be corrected by the reissue therefore **claims 1-16 is rejected under 35 USC 251 based on including or having no errors.**
